PROFESSIONAL SUMMARY

I am a Full Stack Development student seeking an Erasmus+ Internship. My passion for tech started in high school with an IT diploma and evolved through dedicated self-study, building personal projects, and higher education. I am always eager to learn new technologies, explore new fields, and bring fresh ideas to the table.

SOFTWARE & TECH EXPERIENCE

FINCANTIERI S.P.A., *Software Development Intern*

May 2026 - Jul 2026

Fixed pre-existing bugs in the codebase and delivered end-to-end full-stack features: designed PostgreSQL tables, built C#.NET REST APIs with EF Core and Ocelot API Gateway, and developed interactive React/TypeScript UI components with dnd-kit. Presented demos directly to key stakeholders.

EUDAIMONIA (INEST COHORT), *Co-Founder & Lead Developer*

2025 - 2026

Co-founded a health-tech platform monitoring biometric parameters to support neurodivergent employees, winning a regional Hackathon and securing incubation in the iNEST ecosystem. Led product design, pitched to investors, built strategic roadmaps, and collaborated with university partners.

INSIEL S.P.A. & SMALLTHING STUDIO, *IT Student Intern (PCTO)*

2020 - 2021

Analyzed software target audiences by creating detailed User Personas for enterprise digital solutions at Insiel S.p.A. Collaborated on interactive media design and advertising features for a mobile game at Smallthing Studio.

EDUCATION

ITS ACADEMY ALTO ADRIATICO

2025 - 2027

Full Stack Developer (EQF Level 5)

Higher technical specialization covering enterprise web applications with C#, ASP.NET Core, Node.js, React, TypeScript, PostgreSQL, and SQL Server. Hands-on experience with Azure cloud deployment, Docker containerization, CI/CD pipelines, and Agile workflows.

ADDITIONAL WORK EXPERIENCE

RETAIL & SALES (IQOS / COOP), *Sales Assistant & Store Clerk*

2022 - 2025

Managed customer onboarding, device registration, and technical troubleshooting for IQOS devices. Handled direct sales, cash operations, inventory, and store procedures across fast-paced environments (IQOS & Coop). Demonstrated high adaptability and strong communication while financing my studies.

SKILLS & LANGUAGES

Languages

 Italian: Native Speaker
 English: Fluent / C1 Level

Technical Stack

Frontend: React, TypeScript, JavaScript, HTML5, CSS3
Backend: C#, ASP.NET Core, EF Core, Node.js, Python
Databases: PostgreSQL, SQL Server, Relational DBs
Tools & Cloud: Git, Docker, Linux, Azure, RESTful APIs

Additional Info

CISV International: Active participant and youth organizer in international cultural exchanges since primary school. Traveled independently across multiple countries to facilitate multicultural educational workshops, developing strong intercultural communication, adaptability, organization, and leadership skills.
